<u>Your Quote:</u> Based upon your conversation with me your quote is as follows: Install _____ & Outside Lines _____ Permit _____ This does not include your fuel or any additional work you may request at the time of installation. <i>Please note: After we have scheduled the job with you, we will make a reminder call to you one business day prior to our arrival. If you are unable to be on the job site during our visit and have not made arrangements for us to access the interior of your home/building, you must notify our office by 7am on the day of scheduled work (messages can be left with our office 24 hrs/ day). If no one is present upon our arrival and we are unable to access the interior of your home/bldg, you will be charged a \$125.00 trip charge.</i> For All Installation Packages: 2 trips are allowed for the package to be scheduled and completed within 6 months of the date of this agreement. All other trips are billable to the customer. Interior lines over 50 feet will be billed at an additional \$250 per 50ft increment. Any appliance venting is excluded unless specifically included in this quote. Holtzman Propane is not responsible for drainage issues causing the tank dome to fill with water. The top of the tank's dome must be at least 6 inches above final grade. Customer designated tank location is subject to federal regulations, location must be accessible by truck for placement; tank location subject to Holtzman Propane's approval. For Outside Line Only Packages: All trips are billable to the customer.		<u>STEP 4:</u> Place an X in the drawing to the left in the approximate location of where you would like the tank(s) located. Tank(s) should be no more than 100ft from a driveway; delivery trucks cannot leave a driveway, for a delivery to be made. Tanks less than 125 gallons need to be 5ft away from any windows or doors. Tanks over 125 gallons need to be at least 10ft away from the home and/or any other structure, and property line. All size tanks need to be 10ft away from any source of ignition (central air unit, air conditioner, dryer vent, electrical outlet) or intake for a direct vent appliance. Please include any obstructions or pertinent location details in the drawing.																				
		<u>STEP 5:</u> Please answer the following two questions by circling your choice: Is your BASEMENT: Finished To Be Finished Unfinished Do you have a CRAWL Space? YES or NO																				
		<u>STEP 6:</u> Please provide the <i>approximate</i> distance in feet, for outside and/or inside lines. <table style="width:100%; border:none;"> <tr> <td>Outside lines</td> <td>feet</td> <td>Inside lines</td> <td>feet</td> </tr> </table>	Outside lines	feet	Inside lines	feet																
		Outside lines	feet	Inside lines	feet																	
<u>STEP 7 :</u> Please review the following: <ul style="list-style-type: none"> • In the event there is a problem with the trenching due to rock, it will be the customer's responsibility to make other arrangements for trenching. Backfill for trench will consist of dirt taken out of trench. Tamping of backfill is not included. • Holtzman Propane is not responsible for seeding or sodding. • Holtzman Propane is not responsible for damage to any private underground utility lines. Please indicate any private lines that may be located underground. • Please provide any additional information that you feel may be important to this location
